

JOHN P. PIPER
U.S. Senate Candidate, Indiana
110 North Bluff Road Greenwood, Indiana

March 1, 2018

After years of attempting to work through the proper channels and seeing endless corruption, I have no choice but to inform Hoosiers and Americans by stepping into the political arena. Citizens should be enlightened as to what has happened and what is about to happen in Indiana. Everyone should know how large the Human trafficking industry has become in Indiana, and how many of these little girls are being kidnapped from around the world used as drug mules and then sent to child prostitution houses /rape houses. **Mike Pence is wrong this is not a local issue it is a Federal issue and a global issue.**

I have met with Congressman and then Governor MIKE PENCE, FBI agents, Attorneys General, Mayors, Sheriffs, Police Chiefs, State Senators, State Representatives and Prosecutors and have watched them all "kick the can down the road" by ignoring vast amounts of information or saying it was someone else's problem. I have even asked for help from the Indiana Supreme Court and was told it was a civil matter.

Paperwork has been filed with the F.E.C. and I am now a registered candidate for the U.S. Senate from the State of Indiana.

I am running as a strong supporter of President Donald Trump. I was raised as a John Kennedy Democrat and converted to become a Ronald Reagan Democrat /Republican, but have always voted the Republican ticket. However, with the repeated lies from the republican leadership in Indiana and Washington, I am forced to seek office and stop those who are attempting to silence me.

While my goal is not to destroy the Republican Party in Indiana, I can no longer sit silent. Below are some of the points included in my platform:

- Defend the **2nd amendment**, all other rights depend on it.
- Indianapolis is a **sanctuary city**- this must stop.
- Indiana is a **sanctuary state**- this must stop. Address D.A.C.A., Pence?
- I **oppose human trafficking**- Indiana is the cross roads of America for child sex slaves and child trafficking
- I **oppose child prostitution**.
- I **oppose child marriage**- Stop the protection of marriage of 8-14 year olds under the guise of religion.
- I **oppose NAFTA corruption**- \$2 billion **more** for I-69 and \$4 billion **more** for Hwy I-465 as part of I-69.
- We must **repeal and replace Obama Care**- address Tax Reform, re-work all trade deals to benefit the US.
- **Law and order should apply to all citizens**- Go after politicians, current and former, FBI agents, Justice Department Officials current and former for **all crimes committed and ignored**. Use the R.I.C.O. ACT and demand that Jeff Sessions be personally involved.
- We must **address welfare reform**.
- **No more nation building**.
- **We must build the wall**- Illegal immigration must be addressed to secure our borders.
- **Politicians must have term limit**- **1** term for U.S. Senators. I demand all others in the race sign this pledge.

Sincerely,

John P. Piper
Candidate for U.S. Senate, Indiana
